

<b>Your Name</b>	Brad Doyle
<b>Seat running for</b>	Town Council
<b>District</b>	Voting precinct 3401 and 3402
<b>Website</b>	N/A
<b>How long have you lived in Palm Beach County?</b>	45 plus years

### **JOBS**

As a business owner I know how hard it is to find qualified and capable employees. On a county level we need to be doing a better job getting people prepared for the work force with trade and tech schools.

### **TALENT**

Good pay and a good community is the best way to attract talent. We need to make sure Palm Beach County has good schools and is safe.

### **BUSINESS CLIMATE**

Being business friendly will help attract good paying jobs to our community. This should always be a top priority.

### **AFFORDABLE HOUSING**

The supply has outpaced the demand for affordable housing. We need to offer low interest loans and encourage innovative and outside the box ideas for new housing.

### **TAXES**

I foresee no circumstance where I will vote to raise taxes in Hypoluxo. I will always be a good steward of tax payer money.

### **COLLABORATION**

Collaboration is very important when solving issues. I have served on the Municipal Administration Committee for the Florida League of Cities for nine years. The sharing of ideas and problems with other cities has been instrumental in shaping policies from smoking in parks to short term rentals.

### **WOMEN IN THE WORKFORCE**

Local government and workplaces should be a reflection of the society we live in.

### **WORKPLACE CULTURE**

The workplace culture is crafted from the top down. The leaders of companies need to be more aware and accept more accountability for the culture and actions that are happening in their companies.

### **OUR COMMUNITY**

I think Hypoluxo is headed in the right direction. Low taxes and a small town feel has made us an unique community in the heart of Palm Beach County.

### **Is there anything else you would like to add?**
